

THE DATE YOU RECEIVE YOUR FOOD ASSISTANCE BENEFITS IS GOING TO CHANGE

WHAT

Starting in January 2011, the Michigan Department of Human Services is changing the dates most people will receive their food assistance benefits.

WHY

This change will help grocery stores offer you more fresh fruits, vegetables, meats and dairy products all month long. It will also help reduce long checkout lines at the beginning of the month.

Benefit Issuance Dates January 2011 through November 2011 and Ongoing

As outlined in the table below, each food assistance case holder, except those whose ID numbers end in 0, will begin to receive their benefits on a different day of the month beginning in January. The change will be based on the last digit (digit in table) of the recipient identification number. For example, those whose ID number ends in 4 will receive benefits on Jan. 7, Feb. 8, March 9, April 10 and on the 11th day of every month beginning in May 2011.

If you have questions about this schedule, please call 877-390-3327.
