

# Jellyfish Suncatchers

## You will need:

- Two pieces of contact paper
- Black jellyfish outline
- Tissue paper squares
- Scissors
- Ribbon
- Tape

## Instructions:

- 1** Peel the back off of one sheet of contact paper and stick the black outline on it.
- 2** Stick tissue paper squares to the inside of your jellyfish until it is full. Be sure to leave some of the black edges uncovered.
- 3** Peel the back off of the second sheet of contact paper and place it sticky side down on your jellyfish to seal it.
- 4** Cut around the black jellyfish outline. Leave a little bit of contact paper around the edges to make sure it stays sealed.
- 5** Tape ribbons to the back for tentacles.
