

Paper Plate Woven Heart

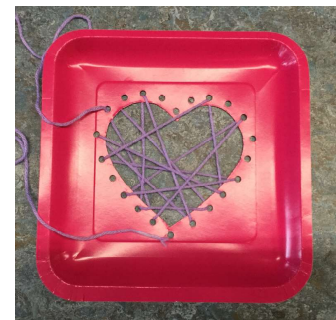

You will need:

- Heart template
- Yarn
- Tape
- Child-safe plastic needle (optional)

Instructions:

- 1** Tape one end of your yarn to the back (white side) of your heart template
- 2** Weave your yarn in and out of the holes. To keep the end of the yarn from fraying, use a needle or wrap tape around the end.
- 3** When you're happy with how the heart looks, tape the yarn end to the back of your template. Cut off any extra yarn.
